GIDEON REPRESENTATIVE HERE LAST THURSDAY

W. W. "Woody" Vardell, Field Representative for the Gideons International, was at the Parkway Restaurant on Thursday evening, Sept. 14th, when he met with a group of young men interested in becoming a member of the Gideon organization.

The Gideons are laymen from all the various evangelical denominations, Christian business and professional men with a vital testimony for the Lord. Each Gideon is an active member of some local church and the Gideons as an association work in co-operation with all evangelical churches and Protestant denominations. The primary object of the Gideons is to win others to the Lord Jesus Christ, and an effective means to this end has been the wide distribution of the Word of God. For a number of years Gideons have placed Bibles in motel rooms, hospital rooms, business establishments and other places.

He Leadeth Me Through The Waters

Ps. 23. Isaiah 43:2

The Lord is my shepherd, and I am His shorn sheep
He leadeth me through the waters, often through waters deep.
Tempestous waters, sometimes through waters still
It is then He whispers gently, I will teach you my will,
Thou shalt know no want of green pastures thou shalt partake
I will lead you in paths of righteousness for my name sake.

Even in the valley and shadow of death, He restoreth my soul.
Therefore, I will ever trust Him for I am a sheep of His fold.
Because thou hast promised to keep me, I will never fear.
Thy rod and thy staff they comfort me. Thou art ever near.
In the presence of mine enemies. Thy table is spread.
And, whether in joy or sorrow, thou anoineth my head.

My cup runneth over, my every need is amply supplied.
No evil shall befall me, when thou art by my side.
Goodness, and mercy shall follow me all my days through.
When I am weak and weary My strength thou shalt renew.
Will He ever forsake me? I will never, no never!
And thou shalt dwell in mine house forever and ever.

OIL MAKES VIRGINIA SCHOOLS MAKE THE GRADE

Our schools use hundreds of things that are made from oil: desk tops and fiberglass seats, educational films, tapes and records, paint, ink . . . even the erasers on pencils.

But most of all, schools use energy. For heat, light and transportation. 75% of all our energy comes from oil and natural gas (including 40% of our electricity).

But today, we're using these petroleum fuels faster than we are finding them. That's why America faces an Energy Gap.

We're your local oil companies. Working to bridge the growing Energy Gap. Because it's as simple as A-B-C . . . *a country that runs on oil can't afford to run short.*
